

## Victorian Notice to Mariners

The following Notice to Mariners is published for general information.

### Australia – Victoria

### No. 230 (P) of 2019

## BASS STRAIT – GABO ISLAND and TULLABERGA ISLAND

**Date:** EFFECTIVE IMMEDIATELY

**Details:**

Mariners are advised of two aquaculture sites established in the positions (below), off the SW corner of Gabo Island and the NW corner of Tullaberga Island (see appendices 1 and 2).

The aquaculture site off Gabo Island is located between the following points adjacent to the western end of the Gabo Island airfield, extending approximately 100 metres from shore for a distance of 600 metres, and over an area of 6 hectares:

Point	GDA94	Mark
1. On shore site point – northern end	37° 33.935' S 149° 54.325' E	Painted mark on rock on shore
2. On water site point – northern end	37° 33.953' S 149° 54.253' E	Concrete boundary block on seabed (approximate depth 60 metres)
3. On water site mid-point	37° 34.103' S 149° 54.354' E	No mark
4. On water site point – southern end	37° 34.159' S 149° 54.556' E	Concrete boundary block on seabed (approximate depth 60 metres)
5. On shore site point – southern end	37° 34.114' S 149° 54.598' E	Painted mark on rock on shore

The aquaculture site off Tullaberga Island is located between the following points, extending approximately 120 metres from shore for a distance of 355 metres, and over an area of 3 hectares:

Point	GDA94	Mark
1. On shore site point – northern end	37° 33.298' S 149° 50.685' E	Painted mark on rock on shore
2. On shore site point – southern end	37° 33.415' S 149° 50.596' E	Painted mark on rock on shore
3. On water site point – southern end	37° 33.458' S 149° 50.503' E	Concrete boundary block on seabed (approximate depth 30 metres)

4. On water site point – northern end	37° 33.264' S 149° 50.604' E	Concrete boundary block on seabed (approximate depth 30 metres)
---------------------------------------	------------------------------	---

Mariners are advised to navigate with caution in the vicinity of the two sites and to avoid navigating within these areas when drilling or infrastructure works are being undertaken.

**AUS Charts and Publications Affected:**

AUS 805
