Announcement - Peter Mannion

I am delighted to announce the appointment of Peter Mannion as VRCA's new Chief Executive Officer, effective Monday 28 October 2019.

Peter is a maritime lawyer with extensive experience in maritime safety, risk and regulatory compliance. For the past 12 years Peter has been a key member of the Rio Tinto Shipping Executive Leadership Team responsible for operations, safety and legal compliance.

Peter has been an active participant in the wider shipping industry both in Australia and overseas for many years and has previously held the roles of Director of Rightship Pty Ltd, and Director of Maritime Industry Australia Limited.

Peter's detailed knowledge of the shipping industry, combined with his extensive executive administrative experience will ensure that VRCA will continue to deliver on our short and long term operational and strategic plans.

I would like to take this opportunity to thank former CEO Michael Harvey for his outstanding work during his tenure, along with Ian Clydesdale who has more than capably acted as interim CEO, and to welcome Peter to the VRCA.

Kate Roffey
Chairman
